Hydrolyzed Yeast				Yes	
Feeding Rate per day		100 g	100 g	100 g	100 g
Bag Weight		25 Kg	25 Kg	25 Kg	25 Kg

These Complementary Mineral Feedingstuffs may be used for
Dairy & Suckler cows for 5 weeks before Calving

From 3 days before calving switch to a high calcium product
All minerals must be stored in a cool dry place to maintain shelf life.

Product Specification Last Updated 17th August 2021

NOTE:

The CAB Precalver is for use where there have been extensive problems with metabolic disorders such as Milk Fever. It contains a more bio-available Magnesium source in the form of Magnesium Chloride

See product label for full declaration and other details.
